MODERN RUSSIAN COMPOSERS

By LEONID SABANEYEFF

A RUSSIAN composer with the gift of a brilliant style offers aesthetic characterization of outstanding representatives of Russian music. He considers the art of individual composers, and the influence exerted upon them by the masters—Chaykovski, Rimski-Korsakoff, Borodin, Musorgski, as well as Chopin, Bach, Wagner, and others. Those who have made Russian music known throughout the world, and those who are forging new movements in music as a result of the influence of the Revolution, are represented in this critical study. Such figures as Skryabin, Stravinski, Rakhmaninoff, Prokofyeff, Myaskovski, Ryebikoff, Feinberg, Krein, Gnessin, and forty other composers, are discussed in an altogether delightful and intimate manner. RUSSIAN POETRY

AN ANTHOLOGY

Chosen and translated by BABETTE DEUTSCH *and* AVRAHM YARMOLINSKY

A SELECTION of lyrics, in translation, covering the period from Pushkin to our own troubled day. All poetic groups find representation here: the classical lyricists of the first half of the nineteenth century, the Parnassian school, the symbolists who blossomed out in the nineties, and their numerous progeny. The Soviet poets also have their place in the book: the futurists, the peasant singers, the proletarian versemakers, and the propagandists. One of the features of the volume is the full text of Blok's world-famous poem: The Twelve. The book contains an introduction which offers a bird's-eye view of the development of Russian poetry, as well as critico-biographical notes which are in effect thumbnail sketches of all the writers included. 12mo. $2.25

THE COLLECTED WORKS OF V. I. LENIN

International Publishers take pleasure in announcing that they are preparing for publication a definitive edition of all the writings and speeches of V. I. Lenin, which according to present indications will require thirty volumes. This will be the only authorized English translation of Lenin's writings from 1893 to 1924, made from the revised and edited texts prepared by the Lenin Institute in Moscow.

The volumes will be uniform, in octavo size, and the number of pages will vary from 350 to 600. The following are the first to be published:

VOL. XIII. MATERIALISM AND EMPIRIO-CRITICISM

After the Revolution of 1905, a number of outstanding revolutionary figures exhibited a friendly attitude towards the empirio-critical and positivist schools of philosophy. Lenin, sensing the danger of such a departure from dialectic materialism—the philosophic foundation of socialism—launched an attack against Mach, Avenarius, and other exponents of empirio-criticism. In a merciless polemic, he dubs their philosophy reactionary and gives an exposition of dialectic materialism in its relation to other systems of philosophy. Regular edition, $4.00; popular edition, $3.00

VOL. XX. THE BOURGEOIS REVOLUTION: 1917

The moment the news of the March uprising reached Lenin, then exiled in Switzerland, he began to write articles for the press, draw up programs and plans for future action, and prepare for his immediate departure for Russia. In this volume are collected all his writings and speeches covering the period from the overthrow of the Tsar in March to the first open conflict with the Provisional Government—the July days.

Regular edition, $4.00; popular edition, $3.00

VOL. XXI. TOWARDS THE SEIZURE OF POWER: 1917

From July to November, Lenin continued his literary campaign under the slogan, "All power to the Soviet," moulding opinion for decisive action which finally led to the November Revolution and the establishment of the Soviet Government. Besides all the written and spoken utterances dealing with the most significant period in Russian history, the volume includes a revised translation of Lenin's famous *State and Revolution.*

Regular edition, $4.00; popular edition, $3.00

CONDITIONED REFLEXES

TWENTY YEARS OF EXPERIMENTS IN BEHAVIORISM

By PROF. IVAN P. PAVLOV

Translated by DR. W. HORSLEY GANTT

THE book sets forth new methods which Prof. Pavlov, Russia's great scientist and Nobel Prize winner, has devised for the accurate and positive measurement of what are usually termed "psychical processes" in the brain, including thought, and gives the results learned through these methods. By experiments on dogs, conducted over many years, the author has discovered that the higher psychical processes—thoughts and instincts—are not, as generally supposed, distinct from ordinary automatic reflexes, but actually only reflexes of a more complicated character, taking place in a higher part of the brain than such an automatic reflex as the heart-beat or breathing. The results of Prof. Pavlov's experiments, now made available in English for the first time, enable us to learn the true nature of neurasthenia and other nervous disorders, as well as the nature of sleep. ALBERT SHAW LECTURES ON DIPLOMATIC HISTORY.

1899. John H. Latané. **The Diplomatic Relations of the United States and Spanish America.** 1900. (Out of print.)

1900. James Morton Callahan. **The Diplomatic History of the Southern Confederacy.** 1901. (Out of print.)

1906. Jesse Siddall Reeves. **American Diplomacy Under Tyler and Polk.** 1907. 335 pages. 12 mo. $1.75.

This volume discusses the Northeastern Boundary Controversy; the Ashburton Treaty; the Relations between Mexico and the United States, 1825-1843; the Annexation of Texas; the Northwestern Boundary Controversy; the Oregon Treaty; Polk's attempted Negotiation for California; the Outbreak of the Mexican War; the Treaty of Guadalupe Hidalgo.

1907. Elbert Jay Benton. **International Law and Diplomacy of the Spanish-American War.** 1908. 300 pp. 12 mo. $1.75.

Among the topics discussed are: Cuba and National Policy; American Neutrality, 1895-1897; Abandonment of Non-Intervention Policy; Intervention; Transition from Neutrality to Belligerency; Relations of the Belligerents; Relations between Belligerents and Neutrals; Negotiations of Belligerents during War; Restoration of Peace; Interpretation and Fulfilment of Treaty of Peace.

1909. Ephraim Douglas Adams. **British Interests and Activities in Texas, 1838-1846.** 1910. 276 pp. 12 mo. $1.75.

This work is the result of extended research in the diplomatic archives of this country and of Great Britain. The author throws new and interesting light on the attitude of the English government toward Mexico, Texas, and the United States during the agitation for Texan independence and annexation. The book is a valuable contribution to the diplomatic questions discussed in part in the previous volume by Reeves on American Diplomacy under Tyler and Polk.

1911. Charles Oscar Paullin. **Diplomatic Negotiations of American Naval Officers, 1778-1883.** 1912. 380 pp. 12 mo. $2.25.

This work presents a brief but comprehensive study of the service of the navy in the field of diplomacy, from John Paul Jones to Rear-Admiral Schufeldt. The naval officer as a diplomat was distinguished for simplicity, candor, and directness, and as his negotiations were for the most part with far distant oriental peoples, he was often the first to establish permanent relations with the United States.

1912. Isaac J. Cox. **The West Florida Controversy, 1798-1813.** 1918. 702 pp. 12 mo. $3.00.

The subject involves one of the most intricate problems in American history, and Professor Cox has spared no pains in searching for new sources of information. He has not only availed himself of the collections in Washington and of the material in the Department of Archives and History at Jackson, Mississippi, but he has personally searched the archives at Seville and Madrid.

1913. William R. Manning. **Early Diplomatic Relations Between the United States and Mexico.** 1916. 418 pp. 12 mo. $2.50.

The writer shows in an interesting way how the British took advantage of our delay in establishing a permanent representative at the Mexican capital to promote British influence over the Mexican government, and how Poinsett's efforts to recover prestige for his government involved him in difficulties and in charges of intermeddling in the internal affairs of the country. The suspicions thus aroused, together with Poinsett's connection with the York Masons, thwarted his efforts to bring to a successful conclusion the treaty negotiations with which he was charged.

1914. Frank A. Updyke. **The Diplomacy of the War of 1812.** 1915. 504 pp. 12 mo. $2.75.

Then, as now, the United States was the principal neutral power in a war which involved all Europe. The causes of the War of 1812 are clearly set forth. The Treaty of Ghent, the hundredth anniversary of which has recently been celebrated, is the central theme of the latter half of the volume. The negotiations leading to the signing of that treaty are clearly described. The terms of the treaty are examined as well as the questions in dispute which were omitted, and which continued to disturb the relations of the two countries for many years.

1916. Payson Jackson Treat. **The Early Diplomatic Relations Between United States and Japan, 1853-1865.** 1917. 468 pp. 12 mo. $2.75.

This volume begins with Perry's romantic visit to Japan, and covers in detail the treaty negotiations so ably conducted by the first representatives of the United States, Townsend Harris and Robert H. Pruyn, concluding with the Mikado's sanction of the treaties in 1865. It is a story of absorbing interest told in admirable style.

1921. Percy Alvin Martin. **Latin America and the War.** 1925. 594 pp. 12 mo. $3.50.

The author is a well known student and writer in the Latin-American field, and he has had access to a vast number of contemporary documents, journals and newspapers published in the various states included within the scope of the volume. Of the twenty Latin-American republics, eight declared war on Germany, five severed relations without declaring war, and seven remained neutral. Pan Hispanism and Yankeephobia each played its part in preventing a realization of that solidarity which has been the aim of Pan-Americanism. The author describes in some detail the reactions to the World War in each of the American republics, and draws a number of interesting conclusions in the final chapter. Among them may be mentioned the increased dependence on their own resources and initiative, the development of trade between the different republics, and the extension of financial and commercial relations with the United States.

1926. Samuel Flagg Bemis. **Pinckney's Treaty: A Study of America's Advantage from Europe's Distress, 1783-1800.** 1926. 432 pp. 5 maps. 12 mo. $3.00.

This volume gives a full and clear treatment of an hitherto neglected and obscure period of American diplomacy. It covers our diplomatic relations with Spain from the Revolution to the year 1800. It is supplementary in a way to the author's well known study of "Jay's Treaty" which deals with our own relations with Great Britain during the same period. The two series of negotiations were by no means unrelated, and the signature of Jay's Treaty with England had an important influence on the successful conclusion of the long drawn out negotiations with Spain. While Jay's Treaty is much better known on account of the violent opposition it encountered, Pinckney's Treaty, which was ratified without difficulty and caused no stir in political circles, has been almost overlooked by historians.

THE HAGUE PEACE CONFERENCES OF 1899 AND 1907.

By JAMES BROWN SCOTT.

Solicitor for the Department of State and Technical Delegate to the Second Conference.

Two volumes. 8vo. Price, $7.00.

Vol. I. The Conferences, 887 pages. Vol. II. Documents, 548 pages.

These two substantial volumes furnish the most complete account of the Conferences which has appeared in English, and will undoubtedly be accepted as the definitive account of the work of those two great gatherings. The fact that the author was the Technical Delegate of the United States to the Second Conference and played a conspicuous part in its deliberations adds to the authoritative value of the treatise.

FOUR PHASES OF AMERICAN DEVELOPMENT.

FEDERALISM—DEMOCRACY—IMPERIALISM—EXPANSION.

By JOHN BASSETT MOORE.

218 pages. Crown 8vo. Price, $1.50.

The lectures embraced in this volume are designed to sketch in clear and vivid outline the great movements by which the historical development of the United States is distinguished and to indicate the causes to which they were due. The order in which the several topics are discussed is not intended to denote a strict chronological succession; hence they are described as phases rather than as stages of development.

CHINA—AN ANALYSIS.

By FRANK J. GOODNOW.

298 pages. 12 mo. $2.00.

The author has attempted to picture Chinese life against a European background. The contrast of what have appeared to him to be the salient features of Occidental and Oriental Civilization has helped him to reach conclusions which he ventures to believe are correct with regard to the Chinese problem. It is hoped that this contrast will have the same effect in helping those who read the book in their understanding of a subject which cannot be said to be generally well understood. The volume embraces eight chapters: Physical Characteristics and Origins, Economic, Intellectual, Philosophical, Social, Political, Modern and Future China.

AMERICAN RELATIONS WITH CHINA.

198 pages. Octavo. Paper, $1.00. Cloth, $1.50.

This book is a result of a unique attempt by American citizens to understand their responsibilities to China. Two hundred leaders of organizations formed themselves into a study group, engaged the help of experts, and finally came together for a conference. The fruits of this study and discussion have been brought together in a handy volume, which, with its index and bibliography of books and significant periodical articles, will prove invaluable to every one who is watching the progress of the conferences on customs autonomy and extraterritoriality at Peking.

CHINA AT THE CONFERENCE.

By W. W. WILLOUGHBY.

435 pages. 8vo. $3.00.

Besides chapters explaining the reasons for the discussion by the Powers of the political and international situation in the Far East, describing the organization and procedure of the Conference, and estimating its results, there are chapters dealing severally with each of the important subjects discussed in the Conference and regarding which Treaties or Resolutions were adopted. In an Appendix the texts are given of these important documents.

OPIUM AS AN INTERNATIONAL PROBLEM: THE GENEVA CONFERENCES.

By W. W. WILLOUGHBY.

601 pages. 8vo. Price $4.50.

This volume, in the nature of a semi-official report, presents, in a comprehensive manner, the fact leading up to the calling of the two Opium Conferences at Geneva, the discussions had in those Conferences and the results reached. The work will be indispensable to all those interested in combating, by international co-operative action, the widespread evils resulting from the abuse of opium and other narcotic habit-forming drugs. To students of international relations the volume will be of especial interest, giving as it does a detailed account of Conferences held under the auspices of the League of Nations and in which the United States Government was officially represented.

FOREIGN RIGHTS AND INTERESTS IN CHINA.

Second Edition

By W. W. WILLOUGHBY.

1190 pages. Octavo. 2vo. $12.00.

In this new edition of his standard work, Professor Willoughby has not only brought the facts to date and thus included all developments resulting from the Washington Conference and from later events, but has also dealt much more fully with various of the topics included in the first edition. Especially has this last been true with reference to the subjects of extraterritoriality, missionary rights, the Chinese eastern railway, the foreign settlements at Shanghai, American corporations in China, wireless and cables, opium, and the movement for tariff autonomy. In result, the work has been doubled in size. Thus, even more than was the case with regard to the first edition, will Professor Willoughby's work be found indispensable to all those who seek exact and specific information regarding that complexus of foreign rights and interests in China which is the active and continuing cause of China's discontent with her present situation as *vis à vis* the other Powers.

THE INTERNATIONAL OPIUM CONFERENCES AT GENEVA:

Statements of the Chinese Delegation.

172 pages. 12 mo. $1.50.

In this volume, Dr. Sao-Ke Alfred Sze who was the head of the Chinese Delegation to the two Conferences, has gathered together all the formal statements made by the Delegations and thus presents in complete, definite and authentic form the views of the Chinese Government with regard to the international problem of regulating the traffic in narcotic habit-forming drugs and controlling the production of the raw materials from which these drugs are manufactured. The statements included in the volume are grouped under appropriate topical heads, and thus enable the reader to obtain an easy comprehension of the character and scope of the general problem. Students of this problem will undoubtedly find it a great convenience to have the views and arguments of the Chinese Government thus authentically and comprehensively presented in a single and compact volume.

ADDRESSES

By His Excellency SAO-KE ALFRED SZE, LL.D.
Chinese Minister to the United States.

This volume contains five addresses delivered to various audiences by Dr. Sze during the winter of 1925-1926. Dealing, as they do, with a frank and fundamental manner with the present political situation of China, and with the international problems arising out of that situation, these addresses cannot but be of great value to all persons interested in Far Eastern politics. The titles given to the addresses will indicate their scope and some of the topics dealt with: I. The Problem of China; II. The Causes of China's Discontent: How They May Be Removed; III. International Aspects of the Chinese Situation; IV. Extraterritoriality in China. V. China's Unequal Treaties.

By EDWARD RAYMOND TURNER.

Volume I. 462 pages. 8vo. $7.50

Volume I has to do with the privy council of the earlier Stuarts, its organization and various tasks; the committees and the councils of the interregnum, their organization and their work; the privy council after the Restoration; and the notable attempt to reconstruct the council in 1679.

THE CREED OF THE OLD SOUTH.

By BASIL L. GILDERSLEEVE.

128 pages. Crown 8vo. $1.25.

The author in the last score of years has often been urged by his friends and sympathizers to reprint his article issued under this title in 1892, and which attracted wider attention than anything he has ever written. In this volume there is now published, in more accessible form, the author's record of views and impressions that may seem strange even to the survivors of that conflict. There is also included an essay on a cognate theme "A Southerner in the Peloponnesian War" which appeared in 1897.

WORKING MANUAL OF ORIGINAL SOURCES IN AMERICAN GOVERNMENT.

By MILTON CONOVER.

144 pages. 8vo. $1.50.

Essentially a project working manual, it aims primarily to correlate government documents with textbooks as an introduction to the whole field of American Politics; to cultivate a citizen's interest in the realities of political science; and, to utilize the adolescent instincts for creative activity as rapidly as they become stimulated by lectures and readings. Its eighteen chapters involve Farrand's Records of the Federal Convention, Elliot's Debates, The Federalist; Messages of the Presidents; Annual Administrative Reports; the Congressional Directory, Record, Reports, Hearings, and Documents; Statutes at Large and Supreme Court cases that have been discussed in leading textbooks; Proceedings of the National Party Conventions; editorials of ranking newspapers, magazines, and scientific journals; and official documents of State and local governments.

WORKING MANUAL OF CIVICS.

By MILTON CONOVER.

80 pages. 8 vo. Paper, 75 cents; Cloth, $1.00.

This problem book aims to lead the beginning student into the practice of active citizenship. All of the data necessary for the projects may be obtained from the agencies indicated at the beginning of each chapter. Each exercise is adaptable to local needs, whether they be those of the lone student heretofore without a library, or those of the socialized classes of high schools and junior colleges, having access to city libraries. In principle the system is precisely that of the author's Working Manual of Original Sources in American Government which is being used in colleges and universities.

DISTURBING ELEMENTS IN THE STUDY AND TEACHING OF POLITICAL ECONOMY.

By JAMES BONAR.

156 pages. 8vo. Price, $1.00.

This volume consists of five lectures delivered at the Johns Hopkins University in the spring of 1910. As the title suggests, the lectures are discourses not on economic error in general, but on the more subtle fallacies which are apt to invade the reasoning of trained economists in spite of learning and discipline. The lectures are distinguished by the scholarly tone and philosophical breadth that characterize Dr. Bonar's writings.

AMERICAN CITIZENSHIP AND ECONOMIC WELFARE.

By JACOB H. HOLLANDER.

132 pages. 16mo. $1.25.

This volume gives a frank review of the current obligations of the citizen (a) as producer, (b) as employer and (c) as taxpayer. The critical quality of the immediate economic situation is recognized, and an earnest attempt is made to point out how the ordinary citizen of the United States, animated neither by ill-balanced radicalism nor by stolid resistance to change, can at this juncture of affairs and within the range of his normal activities render the largest service to his country and his fellow-men.

PUBLICATIONS OF THE INSTITUTE FOR GOVERNMENT RESEARCH WASHINGTON, D. C.

The Institute for Government Research is an association of citizens for co-operating with public officials in the scientific study of government with a view to promoting efficiency and economy in its operations and advancing the science of administration. It aims to bring into existence such information and materials as will aid in the formation of public opinion and will assist officials, particularly those of the National Government, in their efforts to put the public administration upon a more efficient basis.

To this end it seeks, by the thoroughgoing study and examination of the best administrative practices, public and private, American and foreign, to formulate those principles which lie at the basis of all sound administration, and to determine their proper adaptation to the specific needs of our public administration.

THE LIFE AND STORIES OF THE JAINA SAVIOR PĀRCVANĀTHA.

By MAURICE BLOOMFIELD.
266 pages. Octavo. Cloth, $3.00.

This work contains the fullest extant account of the Jaina Savior Pārçvanātha's life, preceded by nine pre-births, all treated with the care of a chronicle of real life and with the sincerity of devout belief. With this life are interwoven a large number of stories illustrating Jaina morality and doctrine. The Jainas are, perhaps, the best story-tellers of India; the present volume adds to the chain of Hindu fiction books a jewel of no mean price. This work should arrest the attention of students of Comparative Literature and Folklore as well as students of the History of Religion.

FLAUBERT'S YOUTH: 1821-1845

By LEWIS PIAGET SHANKS.

260 pages. 12 mo. $2.25

Young Flaubert's infatuation with the dreams of Romanticism, and his vain search for them in life and love, are here traced through his letters and juvenilia by the author of a biography of Anatole France. A detailed portrait of Flaubert, indispensable to readers who seek the novelist in his mature works, and completed by a final chapter sketching his career after his twenty-fourth year. The book contains the first account in English of Flaubert's earliest novel, in which he rejects Romanticism and outlines his theories of Art.

It is written not only for students of philosophy and literature, but for the general reader as well. The period is one which has been neglected by historians of philosophy in spite of its importance in the development of French thought.

THE DEEDS OF AUGUSTUS AS RECORDED ON THE MONUMENTUM ANTIOCHENUM (with seven plates).

By DAVID M. ROBINSON.

Reprinted from American Journal of Philology, vol. XLVII, 1.

54 pages. 8 vo. Paper, $1.25.

This monograph gives with detailed commentary a complete new Latin text of the "Queen of Inscriptions," the most important historical inscription of the Latin Empire. Many new readings have been made possible by the 250 new fragments discovered in the University of Michigan excavations at Pisidian Antioch. Some of these new fragments enable us for the first time to make a restoration of chapters 7 and 8. Others give different readings from any previously proposed.

THE JOHNS HOPKINS UNIVERSITY STUDIES IN ARCHAEOLOGY.

No. 1. **The Roman Toga.** By Lillian M. Wilson. 132 pages. 102 illustrations. Cloth $5.00.—The volume gives a connected history of the Roman Toga, as read from the monuments and from Latin literature, from the date of the earliest extant representations of it in the art of the Republican period, down to the last days of Roman authority in the Byzantine capital. 1. Diagrams of drawings giving the shape of each form of toga, and schedules of measurements and proportions referring to these diagrams. 2. Each form of the toga and the process of draping are illustrated on the living model and fully explained in the text. The volume contains 102 illustrations, and over 40 of these are of the living models. 3. The book contains practical suggestions to teachers and students regarding the making of the toga, materials that may be successfully used, color, etc.

No. 2. **The History and Civilization of Ancient Megara.** By E. L. Highbarger. 234 pages. Paper $2.50; cloth $3.00.—This volume contains fifteen chapters dealing with topography and monuments, cults and history from the earliest times to the end of the Hellenistic period. The author has attempted

to give, as completely as possible, a continuous account of the development of one of the most important of the Greek city-states. In doing this he has used the ancient traditions, inscriptions, the results of modern excavation and the rather abundant general archaeological material in addition to the writers of classical antiquity. The study is, therefore, an attempt to set forth the political, religious, economic and cultural evolution of ancient Megara as an important center of activity at all times. The numerous notes give very completely the evidence upon which the statements of the text are based.

THE ECLOGUES OF BAPTISTA MANTUANUS.

Edited with Introduction and Notes.
By WILFRED P. MUSTARD.
156 pages. Crown 8vo. $1.50.

The text is based upon that of the first printed edition, of Mantua, 1498. The Introduction treats of the life of Mantuan, his family and friends, his works, his popularity, the wide use of his Eclogues as a school-book, and their influence upon Sixteenth Century literature. The Notes are mainly devoted to the poet's use of his great classical models.

THE PISCATORY ECLOGUES OF JACOPO SANNAZARO.

Edited with Introduction and Notes.
By WILFRED P. MUSTARD.
94 pages. Crown 8vo. $1.25.

These Latin Poems are very clever imitations, or adaptations, of some of Virgil's Bucolics. The Virgilian conventions are so far modified that the pastoral eclogue becomes a piscatory eclogue, or an idyl of fishermen. The singers are no longer shepherds, but fishermen, and the scene is no longer Sicily, or Acadia, but the Bay of Naples.

THE ECLOGUES OF FAUSTUS ANDRELINUS AND JOANNES ARNOLLETUS.

Edited with Introduction and Notes.
By WILFRED P. MUSTARD.
123 pages. Crown 8vo. $1.50.

The name of Faustus Andrelinus is less familiar than that of either "good old Mantuan" or Sannazaro; he never enjoyed the fame and the influence of the one, he never approached the high poetic plane of the other. And yet in his own day and generation he was a very important personage. One of the Italian scholars who helped to spread the New Learning in France, professor for many years in the University of Paris, the intimate friend of Erasmus, the special protégé of the King and Queen—*diu regnavit Lutetiæ*. His Eclogues are always readable, because they contain a certain amount of autobiography, and reflect many of his own experiences in Italy and France. They are interesting because of their "moral" tone, with occasional bits of proverbial wisdom and frequent echoes of the great Roman Satirists. And they hold an important place in the tradition of the Pastoral, because of their frequent imitation of Calpurnius and Nemesianus—at a time when these two poets were not very widely read.

THE ECLOGUES OF ANTONIO GERALDINI.

Edited with Introduction and Notes.
By WILFRED P. MUSTARD.
84 pages. Crown 8vo. $1.50.

"The main subject of the poems is the story of the Life of Christ. The last three deal with the Apostles' Creed, the Last Judgment, and the Life of the Blessed in the Hereafter. One interesting feature is their free use of the language and imagery of Ovid."

SIR THOMAS MORE AND OTHER VERSE.

By CAROL WIGHT.

116 pages. Crown 8vo. $1.50.

The publication of the verse included in this volume is in part an outgrowth of the activities of the Kottabos Club, a small circle of men associated in one way or another with the Johns Hopkins University and Goucher College who meet periodically to share their literary interests. To this group of friendly critics many of Dr. Wight's poems and stories, since published in the Atlantic Monthly, in The Johns Hopkins Alumni Magazine, and in other periodicals, were first offered; and it is largely to gratify their desire to see them given a permanent form and a wider circle of readers that this collection has been made. Contents: Sir Thomas More, A Tragedy; Fog; In Port; Sea Pines; Shipwreck; The Derelict; Night and Day; The Sextant, A Ballad; The Casting of the Screw; Kepler's Death; Edward H. Spieker: In Memoriam; Kirby Flower Smith: In Memoriam; To Basil L. Gildersleeve, Sestina; To Revere Osler, Sestina; Drowned, Sestina; Eternity, Sestina; The Prophet (Woodrow Wilson); Pantheism; Fixed Stars; Days That are Dead; Violets; The Wild Rose; Mignon, from Goethe; The Broken Vase, from Sully Prudhomme; At the Tomb of His Brother, from Catullus; My Wallflower, from the Norwegian of Wergeland.

The objects of the editor have been: First, to present a carefully edited and elucidated text of one of the most interesting works of the Scottish literary period, which, by the purity of the language and attractiveness of the story, is especially suitable for students. Secondly, in the historic and linguistic Introduction, to furnish a succinct introduction to the whole Scottish literary period.

Teaching and Educational Theory in the Elementary School

MANUAL FOR A LABORATORY COURSE IN EDUCATION.

By AGNES SNYDER.

64 pages. Octavo. 80 cents.

The manual here presented was planned to furnish the students in Education at the summer session of Johns Hopkins University with a guide for their observations in the elementary grades of the Demonstration School as would direct their attention to the basic features of the school. Prior to the

formulation for this purpose, the plan had been used in its essential features in directing the observations of students in Education during the regular winter session of the University of Delaware. The plan is based upon two assumptions: 1st. That education is a science; 2nd. That, as a science, its laws can be taught most effectively by a laboratory method in which generalizations are made as a result of observation and comparison. In the present instance, the Demonstration School is the laboratory and the Conference Hour, at which all observers assemble daily, the clearing house for the interpretation of the observations made in the Demonstration School. In the Conference Hour and through the assigned readings and directions for observation, the students are oriented to the school situation; in the Demonstration School, observations are made and data collected; again, in the Conference Hour, the observations made are discussed, compared and interpreted, and, when the data are sufficient, generalizations are made as a result of the discussion, comparison, and interpretation.

VECTOR ANALYSIS AND THE THEORY OF RELATIVITY.

By FRANCIS D. MURNAGHAN.
135 pages. 8vo. $2.75.

This introduction to the Theory of Relativity is intended for readers possessing a sound knowledge of Algebra and Calculus. The general subject of Vector (or Tensor) Analysis is introduced in a natural and somewhat novel manner. The author hopes "to make it clear that the methods of the 'Mathematics of Relativity' are applicable to, and necessary for, Theoretical Physics in general and will abide even if the Theory of Relativity has to take its place with the rejected physical theories of the past."

TABLES OF $\sqrt{1-r^2}$ AND $1-r^2$ FOR USE IN PARTIAL CORRELATION AND IN TRIGONOMETRY.

By JOHN RICE MINER.

50 pages. 8vo. Paper covers $1.00; cloth $1.50.

These tables fill a want long felt by practical workers in all branches of statistics. Everyone who uses the method of correlation has wished for tables from which the probable error of a coefficient of correlation could be obtained with accuracy. Similar tables to this have existed on a small scale, but never before have there been available tables of $1-r^2$ and $\sqrt{1-r^2}$ to 6 places of decimals, and 4 places in the argument.

TERRESTRIAL MAGNETISM AND ATMOSPHERIC ELECTRICITY.

It contains a detailed description of Professor Rowland's Ruling Engine with plates and photographs. It also contains his great memoir on the Mechanical Equivalent of Heat and his other papers on Thermometers, Magnetization, Electrical Convection, the Ohm, Alternating Currents, etc.; also papers on his renowned discovery of the Concave Gratings, his investigations in Spectroscopy, etc.

PHOTOGRAPHIC MAPS OF THE NORMAL SOLAR SPECTRUM.

Made by HENRY A. ROWLAND.

Set of ten plates, $30.00.

These consist of ten plates, each 3 x 2 feet, containing two strips of the spectrum, and extending from wave length 3000 to wave length 6950. Concave gratings having 10,000 to 20,000 lines to the inch were used in making these photographs. Two photographs have been made of the B and D lines. The latter are 3 inches apart, and the former has an extent of about 24 inches. Four enlargements of some of the carbon bands from the arc electric light have also been made. These photographs will be sold for $3.00 each.

By DORIS ULMANN.

Containing thirty-seven photographs, reproduced in photogravure on English hand-made paper, 10½x15½ inches. Price, $20.00.

In these portraits, charmingly artistic and richly done, the character and personality of each member is grasped with an intimate touch in surroundings of study, office or laboratory with none of the conventional trappings or artificial posing of the professional studio.

This book of portraits contains many of those outstanding figures responsible for much of modern American medicine who were long identified with The Medical Department of The Johns Hopkins University and are here happily recorded in the finest photographic art. In composition, light and shade, these portraits are as finely done as etchings.

ORDER DICTIONARIES BY NUMBER

AT the request of a great many of our customers, particularly those engaged in the commercial stationery business, we have numbered our Dictionaries. We believe that if all of our customers will acquire the habit of ordering by number instead of title, as heretofore, it will greatly simplify matters, both for them and for us.

For example, if you order "10 copies No. 217 Dictionary," we at once know that you want our Desk Webster in the black binding, with gold edges, indexed, the price of which is $1.50.

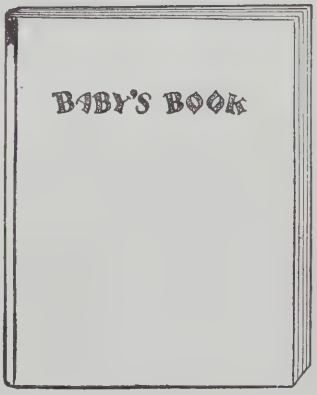
A complete record of the noteworthy events in Baby's life

Illustrations by ETHEL SCHACHERER



This beautiful book is unquestionably the most complete volume of its kind to be found.

Extreme charm, originality and daintiness are wonderfully blended in the numerous illustrations in four colors and in black and white throughout the book, and render it a distinct artistic achievement.

The various headings are so arranged that each event may be recorded in its proper sequence, and ample space is provided for photographs to be inserted from time to time as the little one progresses.

No occurrence of importance is omitted, from the date of birth through the succession of events such as Baby's Weight, First Tooth, First Step, First Motor Ride, etc., up to the all-important School Days.

As a suitable gift for the young mother the book will make a strong appeal to the discriminating who wish to present something of artistic merit.

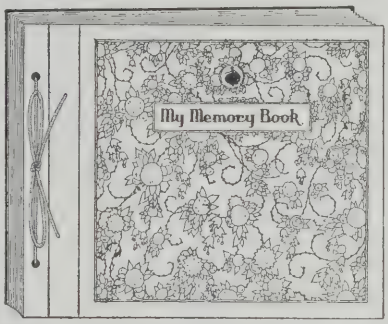
MY MEMORY BOOK

Illustrations by ETHEL SCHACHERER

This new loose-leaf book for recording the various interesting phases of student life marks a decided step forward in publications of this kind.

The book is divided into three sections. The first, of a silver gray de luxe paper with decorative illustrations in a darker gray tone, contains the headings for entering the different records, school activities and the like, all covering a wide field. The second section is made up of black stock for photograph mounting, and the third section of gummed sheets for attaching newspaper or other clippings.



Another novel feature, which will appeal to many, is that of boxing with the books an enclosure containing a white pencil for marking on the photographic mounts, a tube of library paste, and a package of art corners.

New effects are introduced in the decorative style of the several bindings and nothing has been omitted to give the books a tone which removes them from the plane of the commonplace.

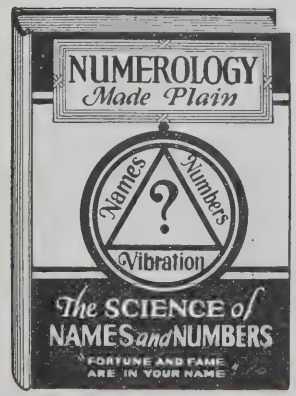
NUMEROLOGY MADE PLAIN

By ARIEL YVON TAYLOR

Fortune and Fame Are in Your Name



NUMEROLOGY is an old, old science, first promulgated by Pythagoras, which has now become the theme of the hour as a means of entertainment as well as a scientific method of achieving success. It explains why the letters of your name and their corresponding numbers and those of your birth date affect your character and your destiny.

"NUMEROLOGY MADE PLAIN" contains a score of examples applying the principles of Numerology to the names of illustrious personages. Twelve of these are accompanied by half-tone portraits. There is also a catalogue of over 1,500 names with their vowel, consonant and total numerological values.

Letterer and Show Card Writer

By MAXWELL L. HELLER, M. A., L. B.

Head of Art Department, William H. Seward High School, New York City

An entirely new work into which has gone the experience of twenty years of actual teaching of the art and practice of lettering and as many years of practical work in the trade. The style employed, therefore, is that of the teacher of the art rather than the artist. Rarely is the accomplished artist able to retrace and analyze his movements, most of which have become so habitual that when he attempts to explain or to teach he most often takes for granted those very steps which need most emphasis. Stress, in this book, is placed not so much upon what to do as how to do it. Art teachers in schools, students of commercial art, and business men and clerks who are desirous of making their own show cards, will find in this book a wealth of detailed instructions as to materials and methods.

EVOLUTION IN A NUTSHELL

The Pro and Con Briefly, Clearly and Fully Presented

By ALVIN SYLVESTER ZERBE, Ph. D., D. D.
Central Theological Seminary, Dayton, Ohio

This work, explaining evolution in the old and the new sense, and reviewing rapidly the usual proofs from geology, comparative anatomy, embryology and genetics, inquires next, to what extent evolution, as denoting continuity from the lowest to the highest (the "backbone of evolution" according to Sir Oliver Lodge), is a satisfactory and comprehensive world-view of the origin of matter, motion, energy, life, free will and man, or, in short, of the three realms of matter—force, life and mind.

Special features of the work are a thorough review of the skull argument of man's descent, a critique of the Scopes trial, and dissertations on the world-goal, animal intelligence, the personality of man, and animal and human life hereafter.

The book is written in a plain and forceful style and is brought down to date in every respect.

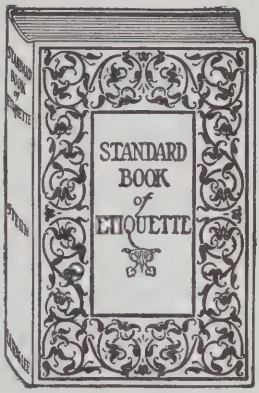
ETIQUETTE

Social Forms and Good Manners for All Occasions

By RENÉE B. STERN



NEVER before has there been such universal interest in proper social procedure as there is today. Because the average book on Etiquette takes little cognizance of changes due to changed modes of living and still less of the fact that different parts of the country accept certain customs rejected by others, this book has been written. It tells in simple, easily consulted form the accepted social procedure under all circumstances. Methods in the servantless house, the house with one maid and the establishment with a retinue are differentiated. Where customs vary in different parts of the country, this fact is noted. The author has had the advice and assistance of those whose life has been spent in the best of American and European social circles as well as of those whose business it is to advise on entertaining, on proper dress for various occasions and on management of the household. In this way local variations have been checked up and the difference between the theoretically correct procedure and that commonly accepted has been pointed out.

The "What, When and How" of Social Life

Good manners and correct form are an asset in business as well as in society. This book is replete with suggestions on all those details of personal behavior, everywhere and on all occasions, that distinguish "the person who knows." It is a complete guide to polite usage for all social functions—a key to the secret of social success.

The **STANDARD BOOK OF ETIQUETTE,** in its thirty-three clearly written chapters, covers the entire field thoroughly and authoritatively. A complete detailed alphabetical index points out the answer to any and all of the many problems that face one daily in social life.

The Grammar of Present Day English

By
CARL HOLLIDAY
Professor of English, University of Toledo

"A clear and simple statement of formal grammar."
EDWIN HERBERT LEWIS, Dean of Lewis Institute

Common sense is the basis of both presentation and application; illustrative forms and usages are drawn from common experiences. The style is easy, informal, almost conversational; the information is not buried under a mass of words. The arrangement is natural, each detail is thoroughly covered in its proper place, step by step. It teaches only what the child ought to remember; and it makes sure that both memory and practice is the inevitable result.

Only the essentials, but all of them. It contains all the English grammar used today; shows quickly but definitely what is correct, and why it is correct. Incidentally, the study of grammar becomes not the bug-bear it has always been to most of us, but a thing closely and pleasantly related to life, a vital growing organism whose destiny is the intimate concern of the individual.

"Almost as interesting reading as a story book. I have also enjoyed immensely reading the testimonials. I have called the attention of the principals of my district to the textbook. It certainly will be very helpful to teachers of the upper grades in their work in English Grammar."

R. M. HITCH, District Superintendent, Chicago, Ill.

English Grammar Drills on Minimum Essentials

By

Carl Holliday, University of Toledo, Toledo
Sophia Camenisch, Parker High School, Chicago

More than 1,200 illustrative sentences carefully selected from the actual classroom experience of the authors; by their nature and variety adapted to meet individual needs and to challenge the pupil's power of thought. These drills aim at completeness in covering grammatical facts emphasized in recent valuable Reports on Minimum Essentials and meet the crying need of English teachers in High Schools today for an abundance of laboratory material on Grammar.

"What we teachers of English have needed and wanted for a long time — a book of exercises simple enough for first and second year High School pupils and numerous enough to give them the drill they need. Selected with care and discrimination, they will economize both the teacher's time and the pupil's."

ELIZA P. HALL, John Marshall High School, Chicago.

"Such texts as this one, which have grown up from the actual classroom experience of teachers, are going to replace the theoretical treatises of professors and scholars. When this happens, we shall begin to teach English."

H. Y. MOFFETT, Dept. of English, State University of Iowa.

Danish-Norwegian-English English-Danish-Norwegian

SELF-PRONOUNCING

DICTIONARY

By HENRY NISSEN

THE value and merit of this dictionary will readily be appreciated. Its two-fold design is to supply a long-felt need of having a self-pronouncing dictionary of convenient (hip-pocket) size and to give to the Danish-Norwegian population a system of markings that will minimize the difficulties of studying the English language. With a little study of the simplified system of diacritical markings and phonetic respellings used in Part I, one may, without difficulty, consult any standard English dictionary, and escape the confusion resulting from the use of two systems of markings. In Part II, a key to Danish-Norwegian pronunciation is provided, as an aid to those who wish to learn the Danish-Norwegian language.

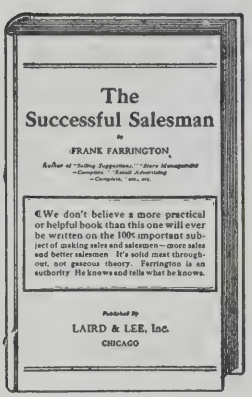
THE SUCCESSFUL SALESMAN



By FRANK FARRINGTON

A BOOK that successfully refutes the idea that "all you can teach is the theory of selling." It teaches the practice of selling; it **makes** salesmen. It is straight from the shoulder, practical, instructive, without a waste word. It is based on experience—both in teaching and in selling. It's a "class" book—the biggest class in the world—**all** who buy or sell. *An employer said on presenting copies:*

"Every Page Is a Coupon in the Big Book of Success"

The book appeals to clear-sighted sales-managers, who are, in increasing numbers, buying this book to give to their force. It pays a dividend to the house; it pays just as high a dividend to the salesman who reads its clearly written pages—who follows its keen suggestions.

Every business man or woman, every salesman, big or little, every ambitious young man is a potential buyer for this book. A single copy turned loose in your community may mean sales for many more. Any big employer who can be persuaded to read the book will readily see where a dozen more copies will bring him returns.

SALES-MANAGERS HAVE SAID:

"The Successful Salesman" has been perused with a great deal of interest; it is a mighty good book to have. Please send copies to the eighteen names herewith."—Edward Hines Lumber Co.

"Covers the ground most excellently; he gives things just about the right pitch."—Johnson & Johnson.

THE ALICE

His experience as a cruisi yachtsman covers many years a many types of boats. He tells here the story its planning, designing, and buildi in a most thorough and alluring ma ner, that will appeal not only to t yachtsman, but to the general read

This part of his book w prove of special interest and practi service to anyone who is anticipati building or buying a boat of any so

ORIES OF ACTUAL ADVENTURE AT SEA THAT DESERVE TO BECOME CLASSIC

HE VENTURESOME VOYAGES OF CAPTAIN VOSS

A new edition, with an introduction by Weston Martyr. *Illustrated with numerous reductions from photographs and with the lines of the "Tilikum."* 8vo., cloth, gilt top. *With map wing routes of the voyages as end papers.* $4.50 net

The first edition of "Venturesome Voyages" was published, under Captain Voss' own supervision, in Yokohama in 1913. *But a small number of copies got into circulation when the entire ance of the edition was destroyed in an earthquake. As a consequence, a book that ought to be a sic in its line is today almost unknown.*

This new edition is an exact reprint, from one of the excessively rare copies, of the first issue, h new illustrations, and a most interesting introduction by a man who, a sailor himself, was mate with the author during the last ten years of his life, and here tells his story.

THE "TILIKUM" AT MARGATE, IN 1904

Captain Voss left Victoria, British Columbia, on May 21, 1901, *and with one companion sailed forty thousand s. His canoe was built by a North-American Indian, long deceased, whose skull was carried throughout the voyage.*

As tales of adventure at sea, told with a simple directness and truly human feeling, the stories of the cruises *Xora*, *Tilikum* and *Sea Queen* would be hard to beat. Whether treasure-hunting in *Xora*, sailing round the d in *Tilikum*, or fighting and being capsized in a typhoon in *Sea Queen*, Captain Voss' stories are good reading.

But apart from this, they contain the observations of a master seaman on the handling of small craft in y weather at sea which are of incalculable interest to the many whose work or pleasure takes them afloat in els of small tonnage.

The voyage of *Tilikum*, an Indian dugout canoe, decked and adapted for the purpose, is one of the most arkable ever undertaken. Starting from Victoria, British Columbia, Voss and a companion sailed in her ss the Pacific to Australia, thence to Tasmania and New Zealand, through Torres Straits to the Indian Ocean South Africa. Then round the Cape of Good Hope, across the Atlantic to Brazil, and so to London *via* the res. This little ship—30 ft. long at the keel, and with an extreme beam of 5 ft. 6 in.—covered 40,000 miles he ocean, and rode out many heavy gales, thanks to the means employed by her skipper and described in the k.

The new illustrations include a picture of the *Tilikum* in 1926, the lines of the little ship (taken, it is true, r she had opened out, but still sufficient to give a good idea of her form), and the picture of her as she appeared ew Zealand when on her voyage round the world, and before the original figurehead of the Indian canoe had destroyed.

LIFE AS MATE ON A CALIFORNIA CLIPPER SHIP

FAIR WINDS AND FOUL

A Narrative of Daily Life Aboard an American Clipper Ship. By Frederick Perry, w made the voyages. *Illustrated with six plates, printed separately and tipped on to dark grey moun* Second edition. 8vo. (9 x 6 in.) Cloth, gilt tops. **$3.50 r**

In 1873, the Author was appointed as a Cadet Midshipman in the service of the Pacific Mail Steamsl Company. At the end of a three year course he entered the service of the California Clipper ships. This bo relates the stories of several voyages that he made while working his way up from third mate to first mate at t height of the history of these famous ships. He writes from personal experience and his narrative, always graph at times almost thrilling, is bound to hold the reader's attention to the end.

"The story of life on a clipper ship has been told before, but usually from the point of view of the capta supreme and apart, or of that hard-driven human engine, the man before the mast. Mr. Perry's book present from another point of view, one which is less known but undoubtedly of equal, if not greater, interest than t others—that of the mate, the man whom he describes as the 'general manager, auditor, superintendent, humor blasphemer, sailing-master, official log-keeper, work-creator and sleep destroyer' of the ship."

SHANGHAIED OUT OF FRISCO IN THE NINETIES

By Hiram P. Bailey, F. R. G. S. A narrative of a voyage across San Francisco Bay Mexico, Chile, Australia and Fiji. *Illustrated with a frontispiece by the eminent Marine Arti J. Spurling, six line drawings, a deck plan and a chart.* Small 8vo. Cloth, gilt top. **$2.50 r**

Who has not burnt the midnight oil, over the classic story of Mr. Dana in "Two Years Before the Mast That intrepid adventurer went to sea voluntarily. But Mr. Bailey, on the contrary, was never even asked " your leave!" He was snatched suddenly away from all friends, and found himself, when he awoke, upon a strar American ship, among strange men, upon a strange sea, out of sight of land, with a twenty-thousand mile voya in front!

His nautical growth among real deep-water sailormen and a "Hard-case" mate is most vividly, and occasion, most humorously, depicted. The narrative bristles with exciting, but no less true, incidents of the co mon hardships, desperate dangers, laughable whimsicalities, and sea superstitions in a long sailing ship voyage now, alas! becoming more and more a rarity. A decade, and it will have passed forever.

The author arrestingly brings before all stay-at-homes the terrible events in one of the most vivid pictu imaginable—reminding one strongly of Conrad in its descriptive power, and of Clark Russell in its verisimilitu

A lively account of a cruise to the islands lying off the western coast of Mexico, and of visits to some of t towns and estuaries of the mainland, written by one who believes that though the geographical definition of island may be true, it is not the whole truth, for it ignores the mystery, romance and untold possibilities of adve ture.

A new edition of one of the best books on the whale-fishery ever written, that has been out-of-print for ears, odd copies bringing high prices when occasionally occurring for sale. Mr. Spears' introduction, gives a de-ghtful historical resume of the story of the growth and later decline of the industry, and adds materially to the terest and value of this new edition.

"Those who had thrilled to 'There She Blows,' whether heard afloat or read from a printed paper, called or a book to be written by a whaler Captain which should relate actual experiences and describe the ships and ne life afloat. . . . in short, should portray the whaler as he lived and worked, say, in the year 1846, when 736 essels under the American flag scoured the seas of the world in search of Oil. This call was adequately ans ered by Captain William M. Davis, who . . . not only authoritatively described the whalers, their ships and neir implements, but his book is loaded to the 'hatch coamings' with tales of adventure, every one of which a 'corking' good story."

From John R. Spears' Introduction.

"In the earlier days of our Republic, America started a Merchant Marine, which in the decade from 1850 o 1860 stood at the forefront of the world's maritime activities.

In those days, at the ports of Salem, Newburyport, Marblehead and Portsmouth, were received and sent ll over this country, immense cargoes from the treasure houses of the Orient.

The deeds and achievements of the Clipper Ships of that decade still live in song and story. Many of the ld Captains are still living and the fortunes of many of the old families of Salem and Newburyport had their eginning, literally, in these ships.

THE RIDDLE OF THE SANDS

A stirring tale of adventure in the North Sea. By Erskine Childers. *Illustrated with ull-page and folding maps, being reproductions from British and German Admiralty charts.* Large 2mo. (7½ x 5 in.). Cloth, gilt top. $2.00 net

AUTHORIZED AMERICAN EDITION of a book that was characterized by John Buchan as "THE BEST STORY OF ADVENTURE PUBLISHED IN THE LAST QUARTER OF A CENTURY."

"A mystery story that for vivid and sustained interest, fascinating atmosphere, as well as interesting and diverse characters, has seldom been equalled. . . . The logical and yet entirely unexpected solution is only reached at the very end of the book, though the reader's interest is aroused and held from the very first page."

The admirable maps and charts with which the book is illustrated not only add to its interest, but are essential to a full understanding of the scene of the adventure and of the final solution of the mystery.

THE SHIPS AND SAILORS OF OLD SALEM

The record of a brilliant era in American Achievement. By Ralph D. Paine, author "Roads of Adventure," "The Fighting Fleets," "Lost Ships and Lonely Seas," etc. *Illustrated with portraits, reproductions of old prints, etc.* A new edition, revised, with a new prefa by the author and a new index. 8vo. ($8\frac{5}{8}$ x 6 in.) Cloth. **$4.00 n**

This book describes the deeds of a race of red-blooded Americans who won honor for their flag and reno for their nation during the era of its struggle for very existence. Of late there is a revival of interest in the ta of the Pirates and Buccaneers of the blue Caribbean, tales artfully colored with the hues of romance. These har seafarers of Salem would have laughed at the notion of finding romance in the scurvy rogues who harried th trading voyages and were a routine hazard of the day's work. Every merchant vessel carried a battery of cann behind her stout bulwarks and her seamen were trained to handle them.

As the Nation would seem to have turned its back to the sea, and all efforts to revive the old maritime spi to have languished, it is well that the chronicles of its past greatness afloat should be cherished as a precious as and a most illustrious heritage. None of its builders played a larger, more thrilling part than did these mercha explorers and fighting seamen of old Salem, who sailed where no other ships had dared to go.

The Memoirs of a Famous Master of a Famous Ship

Two Important Books on
THE WAR AGAINST THE SUBMARINES

THE AUXILIARY PATROL

By E. Keble Chatterton, late Lieut. Commander, R. N. V. R., author of "Q-Ships ar Their Story," etc. With 48 half-tone illustrations, besides diagrams, etc., in the text. 8v ($8\frac{7}{8}$ x 6 in.) Cloth, gilt top. **$3.75 n**

The story of the Minesweepers, Trawlers, Drifters, Motor-boats, etc., which, as auxiliaries, afford valuable aid to the Navy during the great war.

The story which Mr. E. Keble Chatterton tells in this volume is fully equal in interest to that which he h previously told in his well-known "Q-Ships and their Story," and is perhaps even richer in variety of incide Though much has been written about the admirable work by the trawlers, drifters, yachts, and other miscellaneo craft which were taken up by the Admiralty in the early days of the war and formed into the "New Navy," the has been hitherto no attempt to place the whole story in its true historical perspective as part of the amazing h tory of the World War.

Indeed it may safely be claimed that the book presents as comprehensive and as correct an account of i vast subject as it is possible to comprise within the limits of a single volume; and that while it has the stronge possible appeal to all who love a brave story, it is also of permanent value as a contribution to naval history.

Q-SHIPS AND THEIR STORY

By E. Keble Chatterton, author of "The Auxiliary Patrol," "Sailing Ships and the Story," etc. With 50 full-page and smaller illustrations, chiefly from photographs. 8v ($8\frac{7}{8}$ x 6 in.). Cloth, gilt top. **$3.75 n**

This wonderful and brave story of ships and men gives a full account derived from authentic sources, the part played by decoy ships in combatting the submarine menace during the great war. The deeds describ will forever remain one of the most glorious chapters in the chronicles of the sea. Comparatively few peop realize, even now, the wonderful work which these mystery ships did during the war. The author writes in mo cases from actual personal contact with the events described.

"Contains more of the Glamour of the Sea, and of heroic deeds by seafaring men than any war book y published."—*Glasgow Herald.*

MEMOIRS OF THE PALMY DAYS OF SAILING SHIPS

BEFORE THE MAST — AND AFTER

The Autobiography of a Sailor and Ship Owner. By Sir Walter Runciman, Bart. Illustrated with twenty-six full-page plates, chiefly from photographs. 8vo. ($8\frac{7}{8}$ x 6 in.). Cloth, t top. $4.50 net

Sir Walter Runciman has had a remarkable career, beginning with his running away to a when a boy of twelve. He is one of the few living men who had personal experience of iling Ships, small and large, in the sixties. The story of the varied craft; their life all over the rld; their quaint, courageous, fascinating crews; and their many adventures, are here vividly t forth in a volume that proves the truth of the old adage that "Truth is stranger than Fiction."

Here is a book which is a living fragment of life, a portrait-gallery of types, which, under ew surface changes, remain today what they always were, the pith of a sea-born nation.

A DICTIONARY OF PIRATES

HE PIRATES' WHO'S WHO

Giving Particulars of the Lives and Deaths of the Pirates and Buccaneers. By PHILIP OSSE. With six illustrations and a map. Small 8vo. (8 x $5\frac{1}{2}$ in.). Cloth, gilt top. $3.00 net

A book that is the outcome of many years' research in pirate lore and literature, and that kes the form of biographies, short or long, according to the facts discoverable, of pirates and ccaneers. Commencing from the earliest times it is brought up to the present day, as, although e advent of steam in the beginning of the last century put an end to piracy proper, a debased m of this calling is still practised off the coast of China.

Although Mr. Gosse's book is a serious work, and the records therein entirely true, it kes most exciting reading, as the lives of those who went "on the account" were necessarily ays packed with adventure. Members of the fair sex are to be found among the pirates, and y did not err in leniency but adopted most bloodthirsty methods.

The Map is a reproduction of one Contained in "A New Survey of the West Indies, or the glish American; His Travail by Sea and Land. By Thomas Gage, London 1655."

LD SAILING SHIP DAYS

"From Forecastle to Quarter-deck." By Captain John D. Whidden. With an introction by RALPH D. PAINE. With 29 illustrations from photographs. Small 8vo. (8 x $5\frac{1}{2}$). Cloth, gilt top. $3.50 net

A handsome new edition of an absorbing story of a quarter-century's life at sea during palmy days of the old-time Sailing Ships; the narrative of the actual experiences of one of captains who commanded and sailed them. Both ships and captains are all of the past and h them have departed the glamour and the romance of the sea, never to return.

As RALPH D. PAINE, in his delightful introduction to this new edition says:

"It is well worth while to reprint Captain Whidden's book and thereby permit the present eration to enjoy him. He will find an audience larger and more appreciative than when his ry was first published. The book deserves to live because of the unusual blend of truth and rtainment. He did not realize it when he was writing, but the episodes of his career were varied and colorful as to satisfy the requirements of a fictionist. In other words, things pened just about as you would have wished had you dreamed them for yourself, and this is ultimate test of a good tale."

The original issue of Ingpen's beautifully illustrated edition was prin from type, so that in preparing this new issue, which was done under Mr. Ingpe supervision, it became necessary to re-set the text entirely, so that the book again printed from new type. The original illustrations have been used, exc that the full-page photogravures have been printed from new plates, obtain direct from the original portraits and paintings, as was done in the first issue

Mr. Ingpen has contributed a very delightful new introduction, in wh he traces the growth of interest in Johnson and his circle which has taken pl since the original publication of his edition, nearly twenty years ago.

"Mr. Ingpen is too good a Johnsonian and too good an editor to let th pictures be a mere collection. He has chosen authentic pictures only, and furt they are pictures that rightly illustrate the Life. Reynolds, Gainsborou Romney—here are three masters of art who contribute from the stores fr which it has been possible to draw . . . It should appeal to a great compa of readers, those, in particular, who still have to taste the joy of acquainta with the immortal book. Their introduction to it could not take place un better auspices than these well-illustrated, well-printed, well-edited pages."

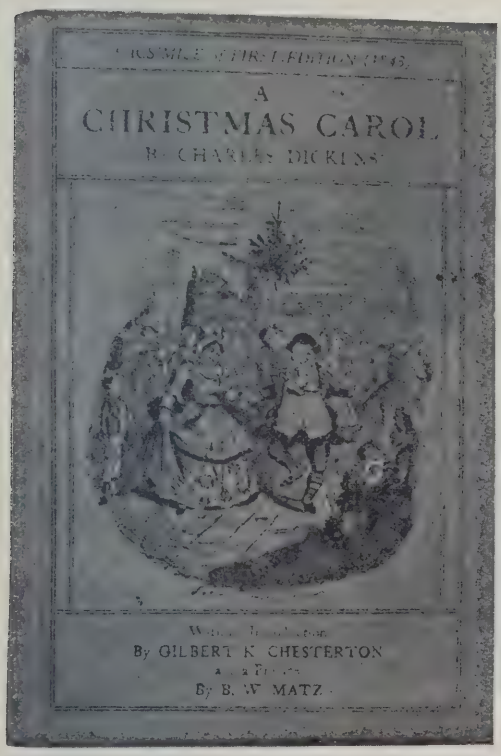
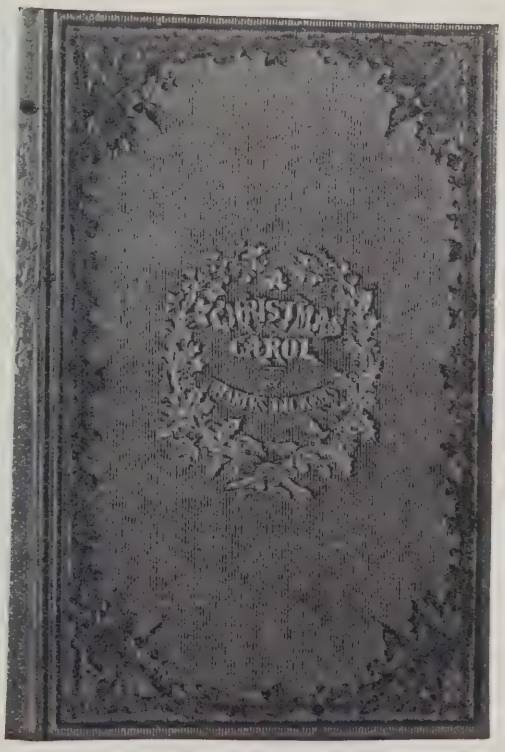
)ICKENS' "CHRISTMAS CAROL"

A Christmas Carol in Prose; being a Ghost Story of Christmas. By harles Dickens. With four illustrations in color and four woodcuts by John eech. A facsimile of the original edition, with an introduction by G. K. Chesrton and a preface by B. W. Matz. Also containing facsimile reproductions the title page, preface, and top-half of the first page from Dickens' original anuscript. 16mo. ($6\frac{3}{4}$ x $4\frac{3}{8}$ in.). Cloth, gilt edges. Each copy in a decorave Christmas box. $2.00 net.





In the preparation of this edition of Dickens' wonderful story, every effort has been made present an exact replica of the original edition, published a few weeks before the Christmas 1843. As far as is possible in these days, all points as regards paper, type, illustrations and nding have been faithfully adhered to. Leech's four wood-cuts have been printed from electros the original woodblocks, while the four color prints have gone through eight printings to obtain perfectly satisfactory result.

The binding is the reddy-brown cloth, with the green end papers, and gilt edges, as in a nuine first edition, and the title page is printed in red and blue as was that original issue.

Even the typographical inconsistency is repeated, as on the first page of a first edition here "Stave I" appears instead of "Stave One" to match the other chapter headings, a mistake hich, on discovery, was corrected in subsequent reprints.

Chesterton's delightful introduction is not the least of the attractions of this quaint little ition.

Whether it was the magic of Mr. Winkle's name, or the coolness of the open air, or some recollection of Mr. Weller's voice, that revived Arabella, matters not. She raised her head and languidly inquired, 'Who's that, and what do you want?'

'Hush,' said Sam, swinging himself on to the wall, and crouching there in as small a compass as he could reduce himself to, 'only me, miss, only me.'

'Mr. Pickwick's servant,' said Arabella, earnestly.

'The wery same, miss,' replied Sam. 'Here's Mr. Vinkle reg'larly sewed up vith desperation, miss.'

BASIL LUBBOCK'S MOST IMPORTANT WORK ON THE OLD-TIME SHIPS AND THE MEN WHO BUILT AND SAILED THEM.

THE LAST OF THE WINDJAMMERS

By Basil Lubbock, author of "The Log of the Cutty Sark," "The Western Ocean Packets," etc. *With about* 250 *illustrations, mostly from actual photographs of the ships, and including numerous plans, both body plans, sail plans and midship sections.* To be completed in 2 volumes.

VOLUME 1 NOW READY.

BOUND IN TWO PARTS, for convenience in handling, blue cloth, gilt tops, similar in style to our binding on Lubbock's other books (boxed) $15.00 net

SPECIAL LIBRARY BINDING, the two parts bound in one volume thick royal 8vo, full buckram, sewed with tapes, re-enforced, with linen joints and colored top (boxed). $12.50 net

Note: *In both styles the English sheets of the first edition are used.* The division into two parts is made because of the size and weight of the one-volume book as issued by the English publishers. The volumes in this style are not only smaller and lighter, consequently easier to handle and more comfortable to read, but more substantially bound than the one-volume English book.

The Special Library Binding is used *on a limited number of copies only,* as a convenience to public libraries which usually prefer such a work in one volume, no matter how heavy, provided it is so bound as to stand the wear. *The trade discount on this style is limited.*

Here is a new sea book that will have strong appeal to thousands. Stirring tales of marine adventure—of howling gales and roaring combers, iron-fisted skippers and "hard-boiled" crews, wreck, mutiny, piracy—are fascinatingly woven into this noteworthy story of famous ships and the men who built and sailed them.

The glory and romance, hardship and peril of old square-rigger days are painted with graphic pen by Basil Lubbock, the foremost living authority on this subject. Upon this book he has lavished the fruits of life-long study and experience.

To mention only one or two interesting features, the first part of Volume 1 shows how life at sea in the last 50 years differed from that of the Elizabethan, Stuart and Georgian periods, and the seamanship of wood and hemp is contrasted with that of steel and wire. Then the ranks in sail are surveyed with a wealth of vivid anecdote and character sketches of masters, mates and men.

Later, in the second part of Volume 1, we read of the famous ships themselves, from the heavily rigged iron clippers which raced out to the Colonies with emigrants, to the handsome little brigs, barks and schooners which flew the standard of commerce all over the Seven Seas.

LIPPINCOTT'S PRACTICAL BOOKS
FOR THE ENRICHMENT OF HOME LIFE

A real home should express the personality of the owner. It should speak of rest and beauty. The influence of surroundings on ourselves and friends is one that goes deep into our daily lives. Many factors enter into the furnishing problems which face the householder of either large or small means. There is the matter of furniture. To get the best results, one should know about the styles of different periods; the combinations that may be made; arts and crafts objects; color schemes that may be evolved; oriental rugs; the tapestries; the wall coverings; the architecture suitable for the home you want; the laying out of the garden and grounds, etc., etc.

LIPPINCOTT'S PRACTICAL BOOKS offer you this knowledge in classified, compact, complete form, giving a vast amount of information on all of the above subjects. Let us send you illustrated circulars of the thirteen titles and of the special volume on COLOR SCHEMES FOR THE HOME.

At the close, Peter starts for Andover, with what his father has reason to regard as a grand foundation.

FINGER PLAYS.

Trade-Mark Registered in U.S. Patent Office.

This book is too well known to need description. Equally a favorite in primary grades and the kindergarten and in homes where there are young children, more than 120,000 have been used, and the sale is increasing because no other book of its kind approaches it in child-interest, wisdom of thought, or beauty of expression. The bright, "catchy" tunes, and the clearness with which the artist has illustrated the plays are just what is needed to complete the work of a great teacher and talented poet.

Through the Farmyard Gate. *4to. Illustrated*..... 1.50

Made up of stories and rhymes for little children at home and in the kindergarten, about the pets and animals with which the little folk become acquainted "through the farmyard gate."

What Happened to Inger Johanne. *Illustrated*..... 1.75

Translated from the Norwegian of Dikken Zwilgmeyer.

Wherever Inger Johanne is, there is something going on. She tells us all about it so naturally and with such unconscious humor that we quite forget she is a character in a book. Her comical mishaps that fill the book with fun are many and varied.

Inger Johanne's Lively Doings. *Illustrated*..... 1.75

Translated from the Norwegian of Dikken Zwilgmeyer.

There are no dull pages in Inger's chronicles. If naturalness and ease are indications, Inger Johanne has lost nothing in the change from one language to the other; but is at all times and in all places herself; a breezy, unspoiled, wholesomely original child who will be a good book-companion for other children.

Four Cousins. *Illustrated*..... 1.75

Translated from the Norwegian of Dikken Zwilgmeyer.

A good grandmother in Norway was lonely and found life dull. So she wrote to her four daughters—one in Sweden, one in South Germany, one in a Norwegian city home, and one far up in the mountains—that each must send a child to stay for a year. If excitement and variety were what Grandmother wanted, the four cousins certainly furnished enough to satisfy even her active mind.

The Children's Year in a Happy Home. *Illustrated*..... 1.75

By Mary Howitt. Edited by Emilie Poulsson.

A great favorite in its time, and remembered with pleasure by all who ever knew it, this book, so good that it should not be lost, has been made over for children of today because in telling how Herbert and Meggy lived and played in their English home, it brings out so well the universal childish experiences and activities of which all children delight to read.

Miss Poulsson's skilful editing has cut out insignificant details and happenings, and thus made the story more enjoyable than its original form. For children from six to twelve.

POULSSON, EMILIE and LINDSAY, MAUD.

By chance the children meet, and the wilful sister insists upon a visit with her real mother, which had startling consequences.

RICE, REBECCA.

The Brown Castle. *Illustrated*..... 1.50

The Brown Castle was the name fancifully given to a mansion, long unoccupied, the spacious grounds of which had come to be regarded as a special playground by the children of the neighborhood. A change came when the large house was reopened under the charge of a bright and winsome young lady, playfully called the "Princess," as befitted a Castle. How she won the friendship of the children is a delightful story.

This is a direct contribution to the limited number of books of actual value for boys. American history is made to live in an accurate and enjoyable way. The glowing pages of a superior writer instruct while they charm. For boys from twelve to seventeen.

WELLS, R. F.

With Caesar's Legions. *With Illustrations and Map*..... 1.50
One of the most remarkable series of military operations the world has ever seen is for the first time presented as a fascinating story of youthful adventure, with skilful emphasis on the great qualities of leadership which made Caesar the idol of his troops and the famous commander that he was. Not a dry line in it, even for those who never read "Caesar" in school. Any who have thought Roman history dull will never feel that way again after reading the fortunes of Titus and Julius Colenus. Based on Book I of Caesar's Commentaries.

On Land and Sea with Caesar. *With Illustrations and Map*.... 1.50

Such a book is a genuine contribution to education, with more than merely enough power in narration to hold the reader. For boys of high-school age, and of no less value to girl students. Based on Books II, III, and IV of Caesar's Commentaries.

1927 John W. Luce & Company 1927

212 SUMMER STREET, BOSTON, MASSACHUSETTS

Revised and enlarged Edition of 1927

AN INTRODUCTION TO SOCIAL PSYCHOLOGY

By William McDougall

In the present revision and enlargement of his work Dr. McDougall has added to the American edition important chapters on THE SEX INSTINCT; THE INSTINCT OF LAUGHTER AND SOME MINOR TENDENCIES; and INSTINCTS OF MAN, IN THE LIGHT OF RECENT DISCUSSION.

This fundamental authority on purposive psychology in its relation to society and the social sciences has, since its first publication nearly twenty years ago, occupied the position of the leading text book on the subject. Cloth, 526 pages. Net, $2.00

NEW QUARTOS——$2 NET EACH——NEW QUARTOS

The volumes measure 6½ x 8½, are printed on specially made Flemish Book Paper, bound in boards with labels, and throughout represent a high class of book making.

CASANOVA. An Appreciation by Havelock Ellis with Excerpts from the Mémoires.

Of all existing comment on the "Mémoires" the Appreciation by Ellis, published in this volume, is the most informing, detailed and complete.

The excerpts from Casanova are complete in themselves, the first being his adventures in Rome (1743–44) at the Papal Court of Benedict XIV; the second his famous escape from the ducal prison in Venice (1756); the third his return to fortune in Paris at the Court of Louis XV.

LONDON NIGHTS. By Arthur Symons.

No single work so well represents the spirit of that famous period in English literature known as the eighteen nineties as does this volume of poems which first appeared in 1895.

Randolph Bartlett contributes an important introduction dealing with the literary aspects of the eighteen nineties.

MARIE: A BOOK OF LOVE. By Peter Nansen.

It is a fervid love idyll told by a man who having many mistresses adds Marie to their number as the incident of a moment. At first unconsciously, then against his will, a great and ideal love for Marie comes to him. From the many to the one he transfers a love tried in the fires of experience.

LAZARILLO OF TORMES. Translated by Mariano Joaquin Lorente.

From this, the first of the Spanish picaresque or vagabond tales, the novel as a recognized form of literature has been developed.

It was the literary sensation of its day and has never lost its power to interest and amuse.

The introduction by the translator is an unusually interesting and important contribution in the field of early Spanish literature.

The author writes from a practical experience of copyright problems gained during a long service in the Copyright Office at Washington and in the practice of copyright law. Special attention is given to the subject of dramatic and motion picture rights.

The book is written in non-technical language and the subject so presented as to constitute a safe and simple guide to authors, publishers and producers as well as to the professional lawyer. Net, $3.50.

THE LIFE AND PERSONALITY OF JEFFERSON DAVIS. By Morris Schaff, A biography of the late President of the Southern Confederacy by a former officer of the regular army whose works are notable for generous appreciation of the character of his opponents. Henry Barbusse, Author of "Under Fire," Portrays a Reverent and Original Character Study of Jesus

Jesus

By HENRI BARBUSSE

"I HAVE SEEN JESUS, ALSO I. HE REVEALED HIMSELF TO ME IN THE BEAUTY OF PERFECTION. I LOVE HIM: I PRESS HIM TO MY HEART; AND I WILL CHAMPION HIM AGAINST OTHERS IF IT IS NECESSARY."

Barbusse's Dedication to "Jesus."

"YOU HAVE treated this great subject with a serious, reverent, and noble emotion that I judge more truly 'religious' than the commentaries of the religious. I was struck by this book, and I send you my sincere appreciation."

Romain Rolland.

"The beauty of your book carries with it a wind of eternity. We find, on reading it, a lively surprise at the same time that we feel a great emotion. It is the eternal truths which alone come to astonish us."

Elie Faure.

"Henry Barbusse loves and reveres Jesus, speaks of Him only with great admiration and proposes Him as a model for us all. Henri Barbusse firmly believes in the historicity, the saintliness and the mission of Jesus. According to him, the ideas of Jesus have been deformed. Henri Barbusse is the last of the nabi of Israel; and he unquestionably has great talent as a writer."

Paul Souday in The New York Times Book Review.

The Bronze Treasury

By Harry Kemp

An Anthology of Obscure English Poets
together with
Original Biographical Portraits
In the Manner of "Tramping on Life."

"I VOWED to make this anthology stimulating and interesting, and I have written biographical sketches which make these men live with all their charm and idiosyncrasy. . . . Chatterton tearing up all his poems in a fury of despair. . . . Rochester, the singer of inconstancy in love—he who played the Mountebank—he who seduced the mistress of King Charles. . . . From Wilmont Earl of Rochester, to the saintly martyr-poet Southwell—who suffered the rack a dozen times—and to good Bishop King, the exponent of monogamic fidelity, who wrote to his dead wife the most affecting and tender exequy in the language. . . . Moralists and debauchees, rogues and saints, the simple and the sophisticated . . . starving in garrets . . . or writing poetry in palaces, as a graceful recreation of a gentleman . . . utterly mad or far too sane—living and loving, hating and dying a-bed or on violent fields of honour and dishonour."—*Harry Kemp.* ($3.00)

Samuel D. Schmalhausen, An Authority on Education, Brings a Rousing Message to Parents and Teachers.

Humanizing Education

By Samuel D. Schmalhausen

In this extraordinary study of modern educational methods, the author brings a rousing message to parents and teachers.

AS HENRY ADAMS so aptly remarked, "The chief wonder of education is that it does not ruin everybody concerned in it—teachers and taught."

Mr. Schmalhausen in a brilliant, graphic style and method examines our present educational formulas and shows wherein they stultify the mind. It is little wonder, then, that important friends of education and enlightenment, such as *Harry Elmer Barnes, Bertrand Russell, G. Stanley Hall, Upton Sinclair,* and a host of others, acclaim this book for its stimulating proposals.

The Modern Quarterly writes: "Few, if any, books on education have ever approached the problem of sex in education with such fearless candor. . . . To the interpretation of the individual as well as to the social, Mr. Schmalhausen brings a mind that is bright, fresh, alert, and profound."

"HUMANIZING EDUCATION is a valuable and original work . . . an effective critique of conventional education . . . stimulating suggestions as to the reorganization of our educational system. I take pleasure in recommending the book."—*Harry Elmer Barnes.*

"I am impressed by the freedom of its outlook and the vigor of its onslaught on the many forms of respectable humbug."—*Bertrand Russell.* ($2.50)

He shows the scientific methods of the super-sleuths.

"An exceptional contribution to crime writing. . . . In mystery fiction, no case has been presented that for sheer horror ever equalled the account under the chapter heading, 'Murdered By Piece Meal.' "
[*Philadelphia Inquirer*]

"It is more exciting than most of the mysteries that clever readers imagine."
[*Chicago Tribune*]
